2003-47

To Whom It May Concern:

I am writing in regards to the Supreme Court Rule No. 2003-47. Please do NOT consider this proposed amendment. This proposed rule is not only unconstitutional, but also morally wrong. The asbestos industries knew that the asbestos products would injury and possibly kill anyone who came in contact with or handled this product. They chose to continue to use asbestos and injury millions of innocent people to make millions for their personal pocketbooks. Now that these people are becoming ill, the asbestos industries are trying to use the courts for help to bail them out! We are asking the court to not consider this proposed amendment because these injured people have a CONSTITUTIONAL right to file a lawsuit against these companies. Also, the Supreme Court is not to make laws, they are simply there to interpret the laws. So, I am asking that the court NOT consider the Supreme Court Rule No. 2003-47.

Thank you for your time.
